## Student Guidelines

Academic Year 2020/2021

2019 A/L Batch

(5<sup>th</sup> Batch)

## Message from the Dean/Faculty of Technology

I warmly welcome the fifth batch of students to Faculty of Technology(FOT) of University of Ruhuna. I am honored that you have selected FOT as your preferred Faculty of Technology to endeavor your higher education. I assure you that your time in FOT will be filled with inspiring, challenging and educational opportunities to build your career as technology graduates.

Faculty of Technology of University of Ruhuna is one of a leading Technology Faculties under the state university system in Sri Lanka. The FOT is located at Karagoda Uyangoda, Kamburupitiya, in a serene landscape about 20 minutes away from the Godagama-Palatuwa exit of the southern expressway. The FOT initially occupied the buildings of the main campus at Wellamadama, Matara with the first intake of students in December 2016. It was moved to its current permanent location in August 2018. At present the faculty consists of a four storied laboratory complex equipped with modern laboratory facilities designed for skill development and technology education of students, a library, facilities for sports activities and recreational activities, hostel facilities for 800 students and university housing for the staff. A three stories Lecture Hall building complex is under construction. With the fifth intake in this year, we have increased the student enrollment about 80% from the previous year contributing to increase the opportunities in Higher Education in Sri Lanka.

All the teaching and learning activities of FOT are mediated through the FOT Learning Management System (FOT LMS). Students can access course information sheets, lecture notes, recorded(audio/video) lectures, reading materials and past papers of each course units from the FOT LMS. Some assessments may also be conducted through the FOT LMS. Further most of the administration processes are automated through the Faculty of Technology Management Information Systems (TECMIS). Students are required to register for course units at the beginning of each semester and register to sit for the end semester examination through the TECMIS. The grades obtained for each course units followed are also available in TECMIS. Wireless internet access is available for students on their registered devices in the designated Wi-Fi zones in FOT.

I congratulate you all and wish you have a wonderful educational and life experience in Faculty of Technology of University of Ruhuna.

Dr. K.G.S.H. Gunawardana  
Dean / Faculty of Technology

## Orientation Programme - 2021 (14<sup>th</sup> July - 10<sup>th</sup> September)

The orientation programme is designed to provide the basic knowledge, mainly on English, Mathematics and Information and Communication Technology (ICT).
